

USW MOBILE APPS

RECOMMENDED FOR STUDENTS

HOW TO LOG IN TO MOBILE APPS

When setting up mobile apps, always log in with your **USW email address**.

Example: 1060000@usw.edu

USW uses a "single sign-on" (SSO) protocol, meaning that every app and service used by USW uses your Microsoft account to log in with your Microsoft password.

Can't remember your Microsoft password? Just click "Forgot Password" when logging in to reset it.

Scan the QR code or click the link for the operating system your device uses!

MICROSOFT AUTHENTICATOR

Click [here](#) for setup tutorial.

What is it? A tool that helps you securely log in to your accounts using two-factor authentication.

[DOWNLOAD ON IOS:](#)

[DOWNLOAD ON ANDROID:](#)
